Pawan Rahate

Senior Lead - (.Net Full-Stack & Azure)

Address: Pune, Maharashtra 411057 | Mobile: 8080718336

Email: pawan.rahate587@hotmail.com | LinkedIn: https://www.linkedin.com/in/pawan-rahate/

- Experienced .NET Technical Lead with **13+ years** of proven expertise in designing, developing, and managing enterprise-level software applications.
- **6+ years** of hands-on project experience in .NET Core, Angular 11+ and Azure Cloud (Full-Stack development).
- **Recognized as a Top Talent** at Zensar Technologies for two consecutive years (2024 & 2025), underscoring consistent excellence, innovation, and leadership in performance.
- Expertise in .NET Framework and .NET Core, proficient in C#, ASP.NET MVC, Web API, SQL Server, Angular and Azure.
- Proven track record of leading cross-functional teams through all phases of the SDLC.
- Skilled in Agile methodologies, DevOps practices, and implementing scalable solutions aligning business objectives.
- Known for strategic problem-solving, strong leadership, and fostering a collaborative team environment.

TOP TECHNICAL SKILLS

- **Programming & Frameworks:** C#, JavaScript, TypeScript, .NET Core, .NET Framework, ASP.NET MVC, Web API, Entity Framework Core, LINQ, SignalR, JWT
- **Web Technologies:** Angular (11+), HTML5, CSS3, Bootstrap, jQuery, AngularJS, User Interface & Experience Design
- **Cloud Platforms:** Microsoft Azure (App Services, AppInsights, Azure Functions, Storage Containers, Search Services, Event Grids, Service Bus, APIM, Key-Vaults, Azure SQL Database, Azure Redis Cache)
- **Database Management:** SQL Server, Cosmos DB
- **SDLC & Methodologies:** Agile (Scrum, Kanban), DevOps practices, Software Development Lifecycle (SDLC), Continuous Integration & Deployment (CI/CD), Test-Driven Development (TDD)
- **Tools & Systems:** Visual Studio, Visual Studio Code, Git, Postman, SoapUI, Version Control Systems (e.g., Git, SVN)

CORE COMPETENCIES

- **Leadership & Team Management:** Team Leadership, Stakeholder Communication, Mentoring Junior Developers, Cross-functional Team Collaboration, Code Reviews, Impact Analysis, Ability to inspire, and manage a team effectively
- **Technical Operations:** System Design & Architecture, Troubleshooting, Performance Optimization, Performance Monitoring & Tuning
- **Documentation & Analysis:** Technical Documentation, Requirement Analysis, Status Reporting, Analytical skills to troubleshoot and resolve complex issues efficiently
- **Professional Attributes:** Adaptability (flexible and adaptable to changing project requirements and new technologies)

EDUCATION

- **Master of Computer Application (MCA)** | July 2008 – June 2011
  Sant Gadge Baba Amravati University, Amravati - Maharashtra
- **Bachelor of Science (B.Sc. Computer Science)** | July 2005 – June 2008
  Vidyabharati College, Amravati - Maharashtra

CERTIFICATIONS

- MS AZ-900 Azure Fundamentals
- Skillsoft - Building & Testing RESTful Services
- Skillsoft - Azure Monitoring
- Skillsoft - Agile Processes for DevOps

AWARDS & RECOGNITIONS

- Top Talent, Zensar Technologies (2024 & 2025)
- Star Performer (Quarterly) awarded by Zensar Technologies Inc in 2020
- Star Performer (Annual) awarded by Zensar Technologies Ltd in 2017
- Star Performer (Quarterly) awarded by Information System Resource Center Pvt. Ltd in 2014

WORK EXPERIENCE

- **Zensar Technologies Ltd**
  Senior Lead | Pune | April 2025 – Present
  Lead (Assistant Manager) | Pune | October 2022 – April 2025
  Senior Software Engineer | Pune | April 2022 – October 2022
  Computer Programmer | USA | April 2017 – April 2022
  Senior Software Engineer | Pune | January 2015 – March 2017

  - Directing a team of 11+ resources in the comprehensive design and development of multiple Angular-based web applications, resulting in a 75% improvement in user experience and an 80% reduction in page load times.
  - Engineered and deployed a scalable and resilient microservices architecture utilizing .NET Core, successfully handling over 100,000 transactions daily.
  - Collaborated extensively with product owners and stakeholders to define project scope, requirements, and timelines, ensuring strategic alignment with critical business objectives and priorities.
  - Proactively addressed and optimized legacy codebases, boosting system performance by an impressive 90%.

- **Information System Resource Center Pvt. Ltd**
  Software Programmer | Pune | September 2013 – January 2015

  - Translated intricate business requirements into robust product specifications through direct stakeholder engagement.
  - Executed rigorous peer code reviews to uphold coding standards and enhance overall code quality.
  - Mentored junior developers on .NET best practices, contributing to marked improvements in code quality and accelerated delivery cycles.
  - Developed a widely adopted, reusable jQuery-based grid component, significantly enhancing organizational efficiency.

- **Encodex Telesystems**
  Jr. Software Engineer | March 2012 – September 2013

  - Developed and maintained enterprise-level web applications using ASP.NET, enhancing core functionality and performance, which led to a 60% reduction in wait times.
  - Provided mentorship to developers on .NET best practices, fostering improved code quality and faster project delivery.
  - Conducted regular code reviews and enforced coding standards, ensuring a high-quality codebase and optimizing team productivity.
  - Contributed to the development of a complex 3D module utilizing JavaScript.
